

FORCED SELLING IN STOCK MARKET

Another Advance in Foreign Exchange to Highest Point.

THE STOP-LOSS ORDERS.

Some Activity in Norfolk and Western and Baltimore and Ohio—The Total Sales of Stocks Goes Over the Half Million Mark Again.

(By Associated Press.)
NEW YORK, Oct. 29.—Another advance in foreign exchange to the highest point reached during the present movement, with attendant fears of gold exports, brought further liquidation to the stock market today. A great deal of selling was for account of the World's speculative element, and much of it was forced. Not a few stop-loss orders were uncovered, and the market, emboldened by this show of weakness, made a series of drives which left the list generally lower. Many sharp breaks. Exchange advanced to 4.85 1/2, which in the opinion of some brokers, was several points away from the basis at which gold could be used for resistance with profit. Some change firms believed, however, that engagements might be made with exchange only a few points above today's level. Opening prices for stocks were a trifle better, and the activity in such issues as Baltimore and Ohio and Norfolk and Western seemed due to the aggressive action of one of the leading operators. The advance in Southern Pacific was regarded more as a drive against one of the bear pools in that stock, while the weakness of Colorado Fuel suggested inside selling. All through the morning session dealings continued professional and insignificant, and at times the market was completely stagnant. The only strong feature was the period of the afternoon, when the Pacific, Minneapolis and St. Paul and Sault Ste. Marie, Kansas and Texas preferred and the Central and Western Union, in the standard class fluctuations were extremely narrow. Colorado Fuel made a further decline. Rubber Goods issue were strong at improved prices. One of the redeeming features was the buying for London and New York, and the change of accounts between the two markets. A sale of 5,000 shares of Colorado Fuel by one firm sent the price off to 2 1/2, and that stock made a recovery of another point. The realization occurred in the afternoon. Stocks that sustained the heaviest declines in the morning, and Hudson, which made a net loss of 6 points, and St. Paul, Missouri Pacific, Illinois Central, Louisville and Nashville, Baltimore and Ohio, Norfolk and Western, Reading and Colorado Fuel and iron, declines extending from 2 1/2 to 3 points. In the United States, the standard class those stocks held comparatively firm. The closing was weak. Bonds and bonds were irregular with active issues showing heaviness in sympathy with stocks. Total sales, per value, \$2,240,000. United States bonds were unchanged on the last call. The total sales of stocks for the day were \$51,500 shares.

MONEY AND EXCHANGE—Money on call steady at 3 1/2 per cent; closing bid, 3 1/2 per cent; prime mercantile paper, 4 1/2 per cent; commercial bills, 4 1/2 per cent; for demand and at 4 1/2 per cent; for 60 days, 4 1/2 per cent;
